

Practical Professional Development

Steve Brophy

Friday 8 September 2017 – Year 3 to Year 6 Teachers

A Teacher's Guide to Digital Literacy

Practical Strategies for your Classroom

This hands-on workshop is designed to help less confident users of technology learn how to prepare for and experience success when integrating technology into their teaching practice. You will learn how to prepare your students to thrive in the Digital Age by learning practical strategies, tools and ideas that JUST WORK. These practical strategies will allow you to develop the confidence needed to use technology to impact learning.

Participants will develop their understanding of:

- Strategies to develop Australian Curriculum/Victorian Curriculum ICT Capabilities
- What Digital Literacy is and tools to assist students to develop digital literacy skills
- How to be discerning when integrating technology - adopt the philosophy “**Less but better**”
- Practical applications to enhance teaching and learning in Literacy and Numeracy workshops

The technology explored in this workshop works on **laptops and iPads**.

Please bring your device along fully charged

Presenter:

Steve Brophy is a highly effective, passionate and innovative educator with 16 years of experience at both local and international level in both primary and secondary. In his role as the Director of ICT & eLearning, Steve oversees the digital strategy and development at Ivanhoe Grammar School. Steve is incredibly passionate about student voice, student action, developing pedagogical capacity of teachers and students and about developing innovation in schools. He is a Microsoft Innovative Educator Expert and TouchCast Ambassador and has presented professional development all over Australia. Steve speaks regularly at conferences including being keynote speaker for Digital Learning and Teaching Victoria's (DLTV) 2016 DigiCon conference. He is a passionate maker, problem finder and question poser who is working on rivalling his five year old daughter's curiosity and passion for learning. He has a Master of Education from Deakin, has received awards for innovative teaching practice, tweets from @stevebrophy3 and rambles about education at www.stevebrophy.com.au
